

## SaniSpray HP 20 Cordless Handheld Airless Disinfectant Sprayer

The Graco SaniSpray HP 20 Cordless is the ultimate portable disinfectant sprayer solution that delivers maximum productivity on smaller disinfecting jobs. Uniquely built with the highest-grade materials that are compatible with disinfectants, sanitizers and deodorizers.

### Features

- The Graco SaniSpray HP 20 Cordless is the ultimate portable disinfectant sprayer solution that delivers maximum productivity on smaller disinfecting jobs. Uniquely built with the highest-grade materials that are compatible with disinfectants, sanitizers and deodorizers.
- Spray up to 20 oz per minute. Designed to deliver consistent edge-to-edge coverage, without heavy drips and runs, so that you can achieve specified disinfectant dwell times on smaller jobs like bathrooms, kitchens and more.

#### Finish Small Jobs Fast

- Perfect for areas that require maximum portability

#### Fill & Spray 42 oz Flexliner Bag System

- Easily move from room to room
- Spray in any direction—even upside down

#### Adjustable Flow Control

- Full range control delivers either complete coverage on specific objects or fine spray within an area

#### Triax Triple Piston Pump

- Durable carbide piston built to deliver extended reliability and full tip support
- The most durable, lightest weight pump
- Fast, on-the-job pump replacement with ProConnect

#### Reverse-A-Clean (RAC) Spray Tips

- Choose from 9 RAC X LP tips to meet your disinfectant's dwell time and requirements

#### 15 inch Spray Extension

- Provides additional reach
- Reduces operator chemical exposure

#### Brushless DC Motor

- Dependable motor with spark-free operation provides ability to spray alcohol-based (flammable) chemicals

#### Ready to Spray

- Comes with everything you need - just add disinfectant and get to work
