

The Solera Solar Bollard Light features an all-in-one design. The solar panel and battery are built into the LED fixture. No need for a power source, which eliminates the need for trenching or wiring. The battery can support 2-3 nights

- Comparable to 30W Halogen bollard.
- Efficient operation gives 12 hours of 100% brightness with one charge.
- Aluminum housing can withstand harsh outdoor elements.
- Super simple installation with all-in-one design.
- Advanced new LiFePO4 battery lasts at least 2000 charge cycles and is replaceable.
- Perfect for pathways, waterfronts, parks, schools and more.
- Dimensions: 8.3 (top) x 29.9 x 7.5 x 10.2 in. (base)
- See pg. 2 for photometrics.
