## C-MAX EASYRF™ BATTERY OPERATED WALL SWITCHES

WRF2RB-W

### EasyRF Overview:

EasyRF is a room-based wireless lighting control system designed for effortless integration of luminaire-level lighting controls (LLLC) in both new construction and retrofit projects. As part of the versatile and multi-tiered c-Max Lighting controls platform, EasyRF simplifies commissioning by enabling groupable wireless controls without the need for a mobile app or gateway. Compliant with energy codes and budget-friendly, EasyRF provides an effortless solution for your lighting control needs for any small to medium size projects.

### Features:

- The wireless battery-operated wall controller provides automatic lighting control for a variety of indoor applications
- Supports manual ON/OFF, automatic ON/OFF and automatic partial ON/OFF control capability
- Easy commissioning: Quick setup with an hand-held remote on-screen display with no need for mobile apps or complex software. RF Remote sold separately
- Standard decora style opening allow for easy multi-gang installations.
- Zoning: Customize channels and floors for multi-floor fit-outs. Up to 50 channels and 8 floors with capability to group up to 50 devices per channel
- Network: Sub-GHz RF system with ability for signals to travel longer distances. Up to 250 feet switch-to-node communication range (line of sight)
- 5 Year Warranty

### Applications:

- Ideal for retrofit or new construction applications
- Industrial
- Warehouse
- Schools
- Commercial

## Ordering Information

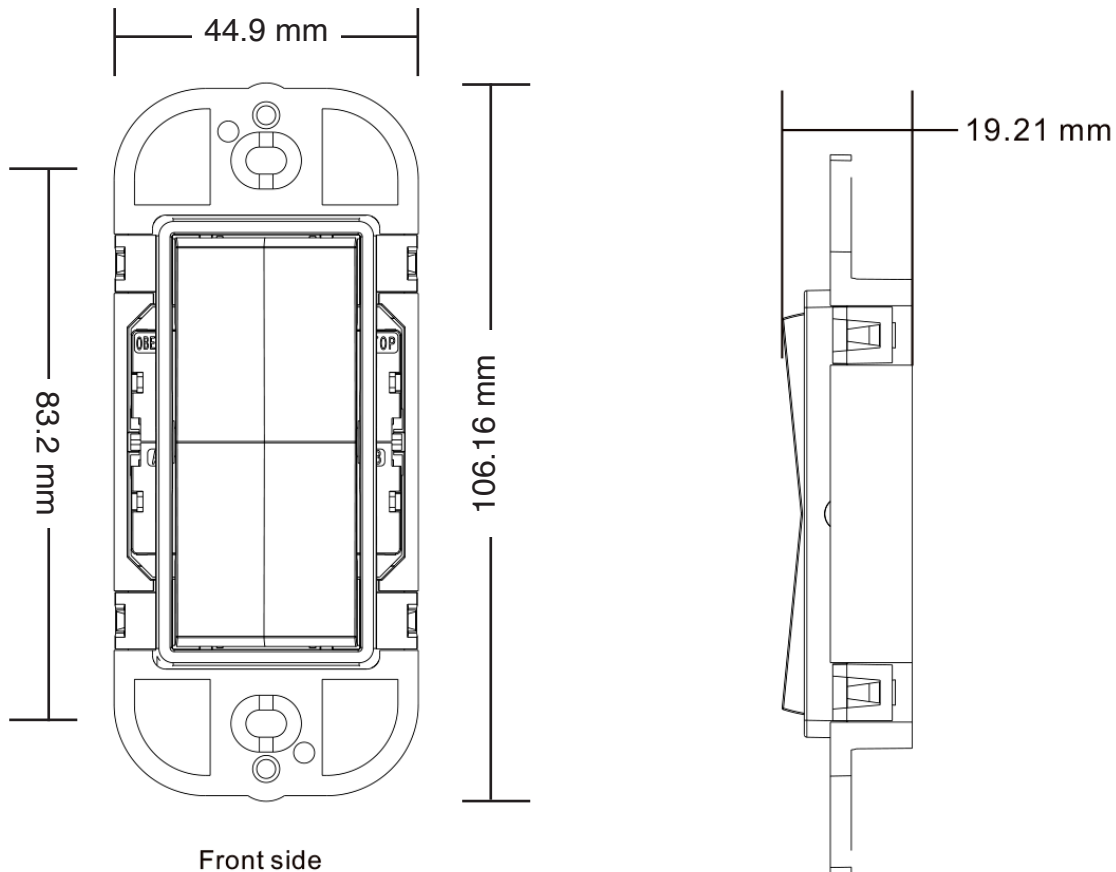

MODEL NUMBER	DESCRIPTION	UPC	ORDER CODE
WRF2RB-W	EASYRF DOUBLE ROCKER BATTERY WALL SWITCH WHITE	767627062278	111521

## C-MAX EASYRF™ BATTERY OPERATED WALL SWITCHES

### Specifications

	WRF2RB-W
PRODUCT TYPE	Wall Controller
BATTERY TYPE	CR2430 (Included)
MOUNTING	Wall Box
NETWORK RANGE	250ft line of sight
OPERATING TEMPERATURE	32°F TO 104°F / 0°C to 40°C
COLOR	WHITE
