IMPORTANT SAFEGUARDS:

ALWAYS FOLLOW BASIC SAFETY PRECAUTIONS WHEN USING ELECTRICAL PRODUCTS, ESPECIALLY WHEN CHILDREN ARE PRESENT.

CAUTION: Please read all information carefully before installation.

CAUTION: Intended for outdoor use.

CAUTION: This product is NOT a toy.

NOTE: Works with Feit Electric Smart Outdoor Battery-Powered Camera. Model#: CAM/WM/WIFI/BAT

Limited Warranty

This product is warranted to be free from defects in workmanship and materials for up to 1 year from date of purchase. If the product fails within the warranty period, please visit feit.com/help for instructions on replacement/refund or call 866.326.BULB. REPLACEMENT OR REFUND IS YOUR SOLE REMEDY. EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTIES ARE LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY. LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES IS HEREBY EXPRESSLY EXCLUDED. Some states and provinces do not allow the exclusion of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state or province to province.

TOOLS REQUIRED

HARDWARE INCLUDED

NOTE: Hardware not shown to actual size.

Part	Description	Quantity
AA	Solar Panel	1
BB	Mounting Bracket	1
CC	9 ft. Cable	1
DD	Mounting Screws	3
EE	Mounting Anchors	3
FF	Hex Key	1

Mounting & Installation

1 Select a Suitable Location

Select a location where the Solar Panel (AA) receives the most sunlight throughout the year.

NOTE: The Solar Panel only needs a few hours of direct sunlight to sufficiently power the camera daily.

NOTE: The amount of energy that the Solar Panel can produce is affected by weather conditions and seasonal changes.

2 Mark Screw Positions

Use a pencil and the Mounting Bracket (BB) to mark the screw positions on the wall.

3 Drill Holes and Insert Mounting Anchors

Drill holes at the marked points. If installing on a hard surface such as concrete or brick, insert the Mounting Anchors (EE) into the holes. You can skip this step if installing on wood or siding.

4 Attaching the Mounting Bracket

Insert the Mounting Screws (DD) into the Mounting Bracket (BB) and use a screwdriver to secure the Mounting Screws (DD) into the wall.

5 Attach Solar Panel

Attach the Solar Panel (AA) to the Mounting Bracket (BB). Align the Solar Panel (AA) with the threaded screw on the swivel head of the Mounting Bracket (BB). Screw in the Solar Panel (AA) until it is fully secured and tighten the thumbscrew.

Thumbscrew

6 Adjust the Solar Panel

Use the Hex Key (FF) to loosen the hex screw then adjust and rotate the viewing angle on the Solar Panel (AA). Point the Solar Panel (AA) towards the sun, away from cover and shade.

7 Connect the Solar Panel to a Camera

After adjusting the Solar Panel (AA), tighten the hex screw. Connect the USB Cable (CC) from the Solar Panel (AA) to the battery-powered Smart Outdoor Camera (sold separately).
